1529

Shipments

696724

Kg

Import & Export operations (including Fiscal Clearance) in multiple airports: Otopeni, Budapest, Frankfurt, Amsterdam, Bruxelles and Milano

Benefit from allocations with the best airlines

We've developed a worldwide agents network which allows us benefit from allocations with the best airlines from all over the world

Time Critical

Understanding the value and importance of “Line Stopping Cargo”, or similar Special Services, in today’s global supply chains, APA Cargo Services provides AIR and ROAD solutions, tailored to your specific cargo transport needs. Anywhere and anytime, all around the world!

Hand Carry (or OBC)

Safest and fastest AIR solution to ship small packages and quantities, anywhere in the world, in maximum 36 hours!

CHARTER

Providing Charter Services Globally, we empower you to choose the best suited type of aircraft for your Time Critical cargo. It doesn’t matter that it’s one package of 5 Kg or 50 pallets with 20 tones, the chosen charter aircraft will fly suiting your needs and meeting the tightest delivery time.

Next Flight Out (NFO)

Premium Cargo services, combining Road and Air, allows you to ship your cargo in a perfect balance between cost and transit time. Working together with all major airlines and using their time sensitive services (LH ZXO, QR Platinum, British XPS, TK+, Emirates Priority)

Dedicated Vehicle

Combining a large variety of vehicles (small vans, AVIA, controlled temperature or 20to trucks with 2 drivers) with a dedicated software which optimises the booking of the vehicle and the route to follow, we are able to offer “Just in Time” delivery all over Europe!

Seafreight FCL

656

Containers

1279

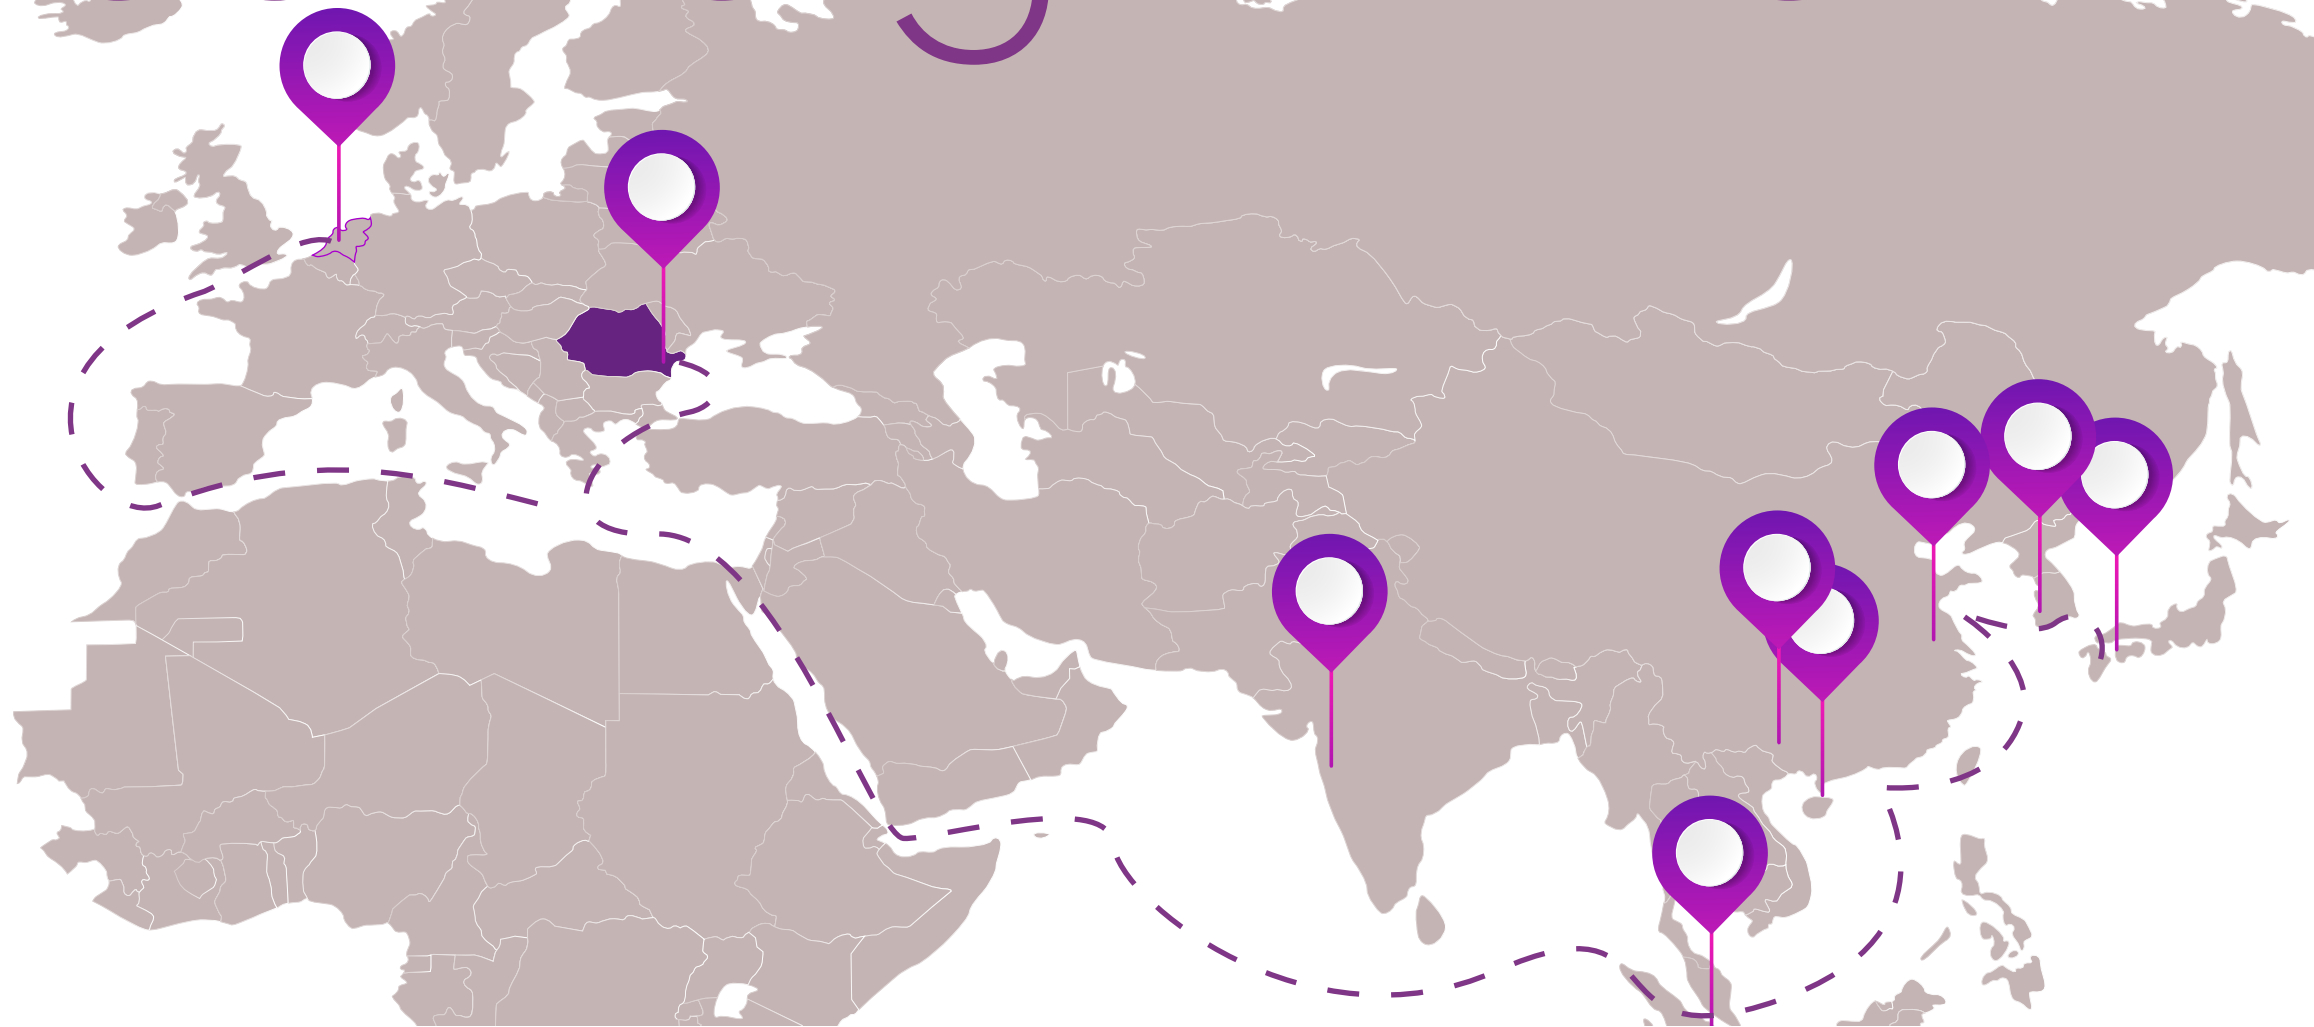

TEU

Import and Export services offered on a door-to-door or port-to-port basis and everything in between, using own local contracts with the shipping lines or our overseas partner's agreements.

Containers are being positioned at customer's/shipper's facility to fit their working hours and offer flexible schedules to and from locations worldwide to meet even the most demanding shipping requirements.

Handling of special equipment such as flat racks, open top containers or temperature-controlled ones are as well, in our area of services. All of the facilities can be offered with Fiscal Clearance possibility through various European ports (Koper, Rotterdam, Hamburg).

Seafreight LCL

1437

Shipments

Our own, weekly and direct, LCL import include consols out of Shanghai, Ningbo, Hong Kong, Shenzhen and Qingdao into Constanta and further cargo delivery to any site in Romania or Rep. Moldova.

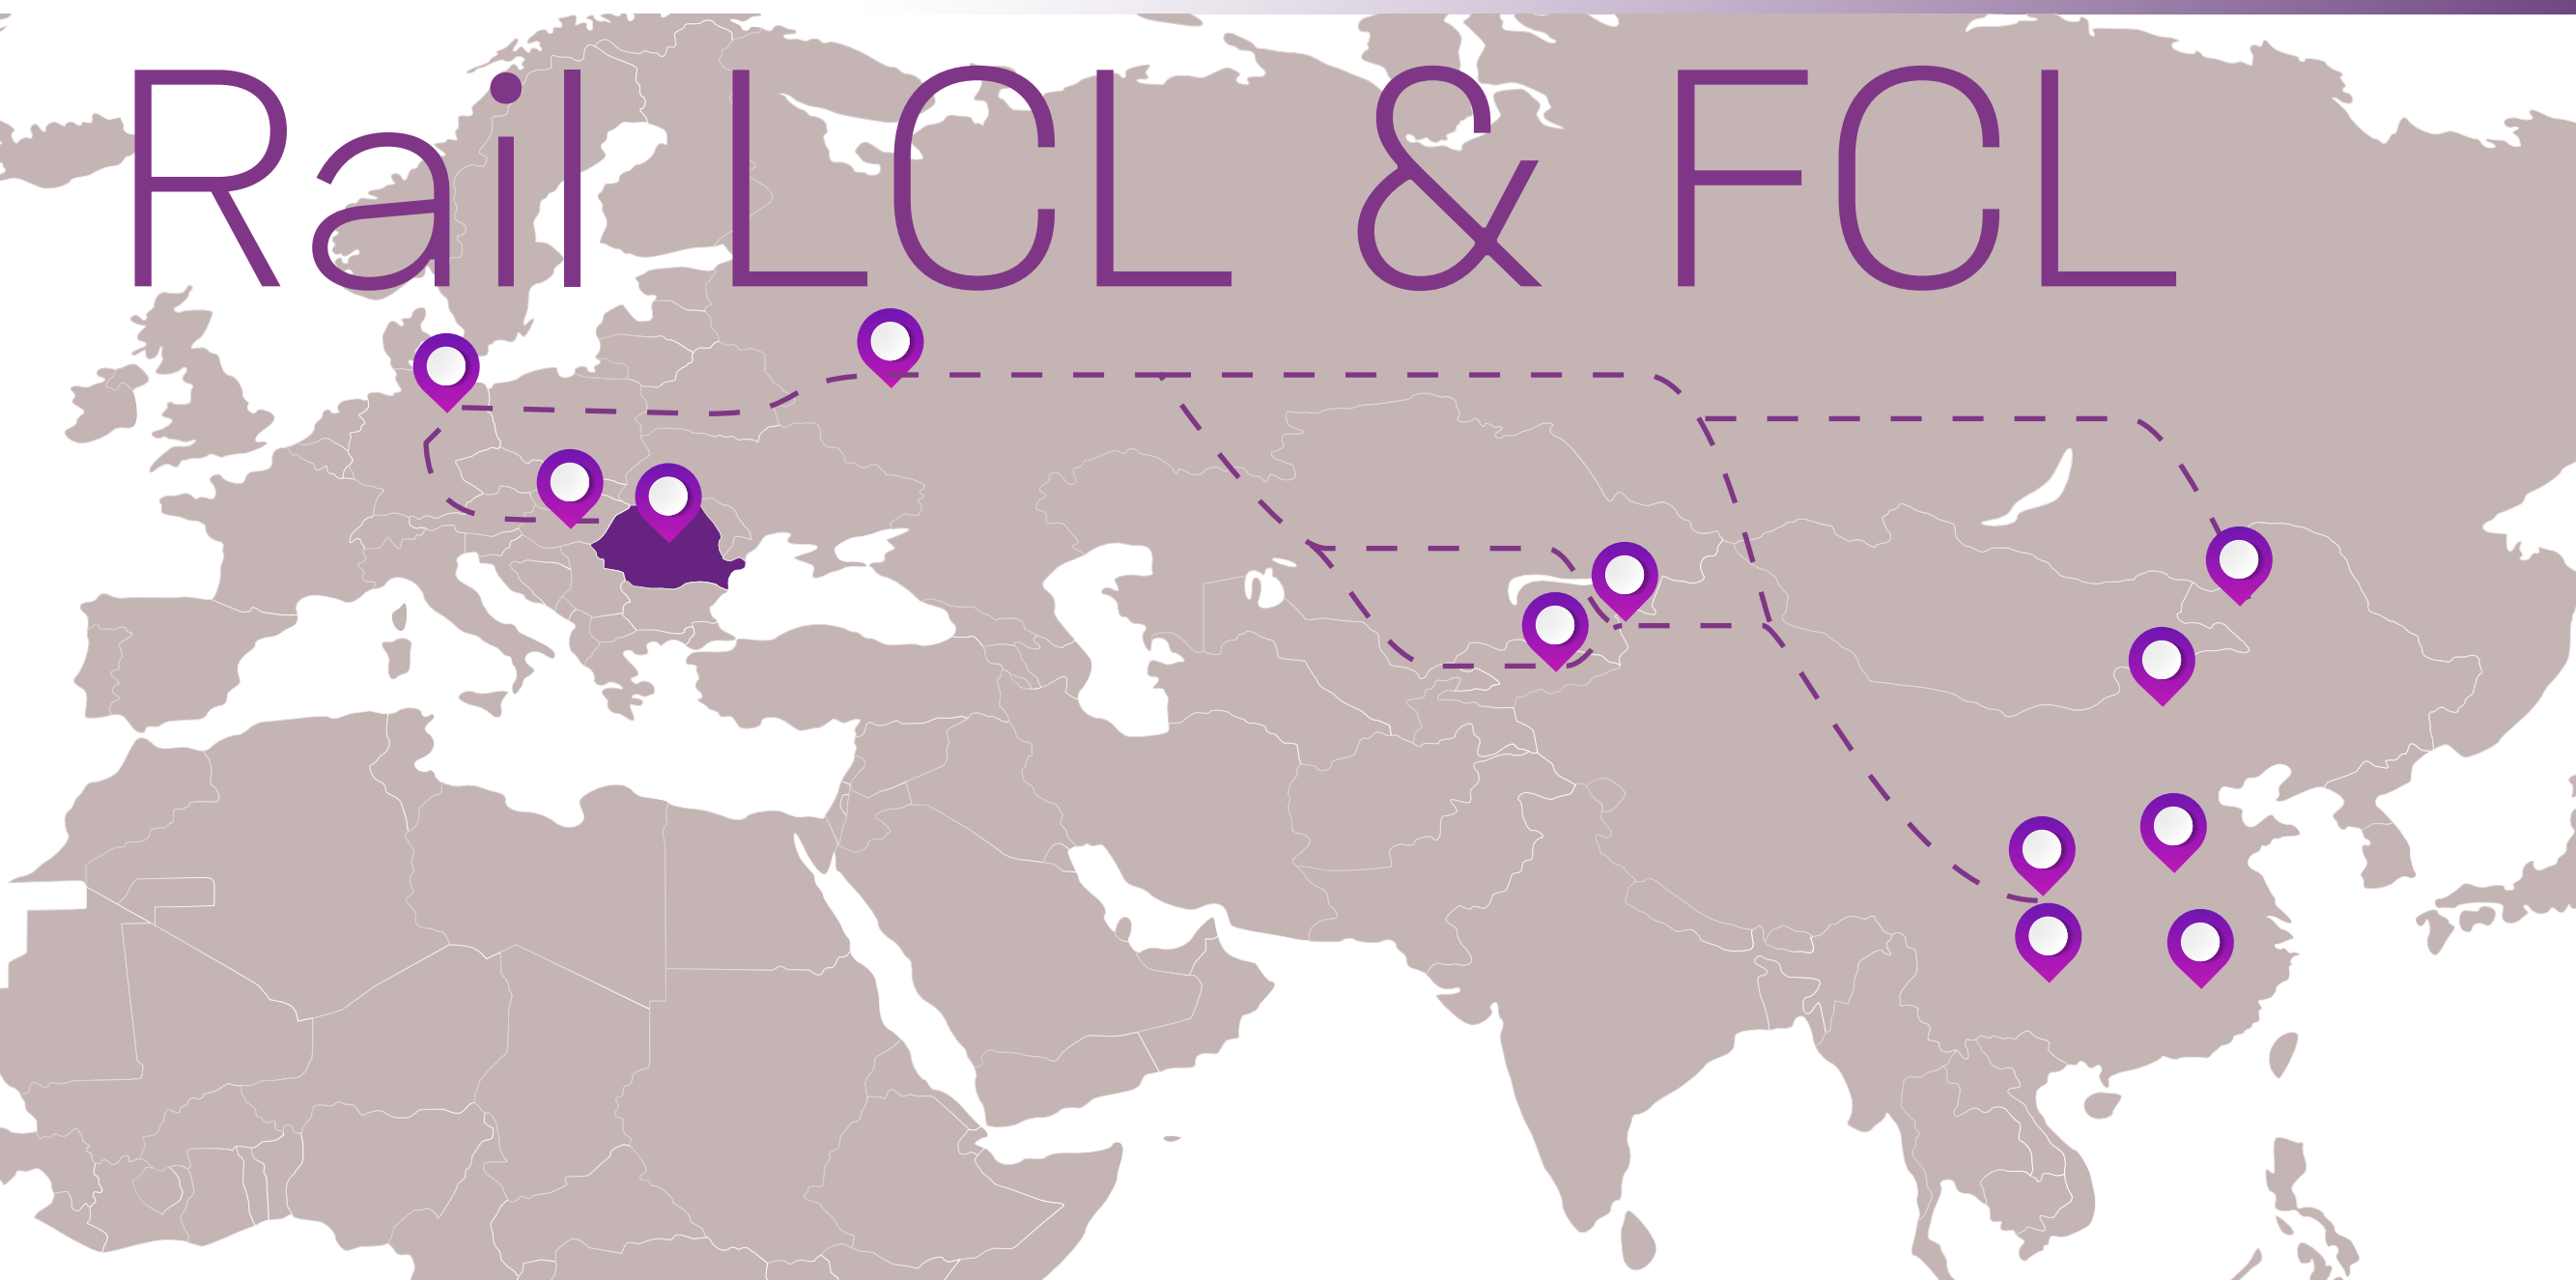

11182

CBMS

Service is in continuous development, with other lanes to be launched during 2024, in partnership with some of the best, independent, overseas and local partners in the LCL domain.

LCL export service out of Constanta and Rotterdam through local agreements with worldwide LCL consolidators.

Rail LCL & FCL

161

Shipments

Using China-Europe Block Train rail route, our service for general cargo groupage includes weekly departures ex Chengdu, Xi'an and Wuhan stations, space guaranteed, up to Poland.

DG goods are also accepted based on a proper documentation via Suzhou station, weekly departures as well, up to Poland.

3488

CBMS

Pick up service is assured from any location in China, same as unstuffing formalities in Poland, T1 issuing and delivery to any site in Romania, through an own LTL fully controlled service.

FCL Rail service up to Poland, as the shortest route and further container delivery, by truck, to any location in Romania.

On request, booking options up to Hamburg or Budapest can also be offered, with delivery service by truck with the same container upon final destination.

18 days transit time station-station, 28 days transit time station to door.

Road International

3020

Project Cargo

Tailor Made

APA Cargo Services is a provider of industrial system relocation and installation services. We specialize in the safe and efficient movement of heavy machinery and equipment for a wide range of industries, including manufacturing, energy, and infrastructure. Our team has the experience to handle projects of any size and complexity, from single machine moves to entire factory relocations.

We offer a full range of services, including project management, site planning, engineering, transportation, installation, and commissioning.

In addition, we have a 24/7 emergency response team, which is ready to support you in case of unexpected downtime, ensuring the least possible disruption to your operations.

We pride ourselves on our commitment to safety, quality, and customer service, and have a proven track record of successfully completing projects on time and within budget.
