Leverage exclusive allocations with top airlines

Our extensive global network of agents enables us to secure premium allocations with the world's best airlines (CV, TK, BA, QR and LH). With our established contracts, our team provides 24/7 export cargo booking services through airline portals.

Time Critical

Understanding the value and importance of “Line Stopping Cargo”, or similar Special Services, in today’s global supply chains, APA Cargo Services provides AIR and ROAD solutions, tailored to your specific cargo transport needs. Anywhere and anytime, all around the world!

Hand Carry (or OBC)

Safest and fastest AIR solution to ship small packages and quantities, anywhere in the world, in maximum 36 hours!

CHARTER

Providing Charter Services Globally, we empower you to choose the best suited type of aircraft for your Time Critical cargo. It doesn’t matter that it’s one package of 5 Kg or 50 pallets with 20 tones, the chosen charter aircraft will fly suiting your needs and meeting the tightest delivery time.

Next Flight Out (NFO)

Premium Cargo services, combining Road and Air, allows you to ship your cargo in a perfect balance between cost and transit time. Working together with all major airlines and using their time sensitive services (LH ZXO, QR Platinum, British XPS, TK+, Emirates Priority)

Dedicated Vehicle

Combining a large variety of vehicles (small vans, AVIA, controlled temperature or 20to trucks with 2 drivers) with a dedicated software which optimises the booking of the vehicle and the route to follow, we are able to offer “Just in Time” delivery all over Europe!

Fast and Reliable China – Europe Rail Solutions

Rail freight has become the fastest and most efficient alternative between sea and air, offering stable transit times and predictable logistics flows between China and Europe. Through our dedicated consolidation services, we operate regular rail departures from major Chinese hubs including Chengdu, Xi'an and Wuhan, connecting directly to Central Europe and Romania.

With over 700 shipments handled annually and over 10,000 CBM transported, we provide a highly reliable rail solution for cargo moving between Asia and Europe.

Key advantages of our rail services

- China–Romania transit time: 21-26 days
- Regular consolidation departures from major inland China rail terminals to Poland, with further container trucking service up to Bucharest/Oradea for unstuffing and delivery
- LCL and FCL rail solutions via the Northern Corridor
- Pickup from any location in China and integrated delivery across Romania
- DG cargo solutions available via Chengdu rail terminal

Combining speed, operational control, and strong rail partnerships, we deliver one of the most efficient rail freight solutions connecting China and Romania.
